

Molecular Identification of Endemic Medicinal Herb <i>Rhinacanthus flavovirens</i> based on Chloroplast DNA Barcodes	83
<i>Sisirakumara M.R.C.D., Pathirana B.G. and Somarathne Y.</i>	
Morpho-physiological Characterization of Three Selected Potato Varieties for Drought Tolerance between Tuber Initiation and Tuber Bulking Phase	84
<i>Madhavi R.A.D.U., Abeythilakarathne P.D and Weeraratne L.V.Y.</i>	
Morpho-Physiological Characterization of Three Selected Potato Varieties for Drought Tolerance from Tuber Bulking to Maturity	85
<i>Madara G.V.R., Abeythilakarathne P.D. and Weeraratne L.V.Y.</i>	
Neem, Mahua and Sesame Seed Cakes, and Tamarind Husk Powder on Improving Nitrogen-Use Efficiency in Rice Variety Bg 300 Grown in Reddish-Brown Earth Soil	86
<i>Thananseyan C., Ariyaratne W.M.T.P. and Suriyagoda B.M.L.D.B.</i>	
Nitrogen Use Efficiency of Paddy Husk Biochar-Based Organic Fertilizers Applied to Capsicum Plants Grown in an Entisol	87
<i>Karunasekara H.M.U.G.A.R., Dharmakeerthi R.S. and Silva N.R.N.</i>	
Nutrient Availability in Acid Sulfate Soil as Affected by Phosphorous Source and Biochar under Different Water Management Regimes	88
<i>Hettihewa G.D., Sandamali T.G.I., Sandanayake S., Vithanage M. and Dissanayaka D.M.S.B</i>	
Optimizing the Growth Performances of Selected Ornamental Plants Using an IoT-based Greenhouse Environment.	89
<i>Dahanayaka P.D., Bandaranayaka A.U. and Beneragama C.K.</i>	
Phosphorus Deficiency Tolerance Mechanisms of Selected Sri Lankan Rice Varieties	90
<i>Herath H.M.K. and Suriyagoda B.M.L.D.B.</i>	
Phytoavailability of Lead for Two Radish Varieties in Lime and Organic Amendments Incorporated Acidic Soil	91
<i>Nawarathna H.A.I.M. and Attanayake C.P.</i>	
Potential of Nutrient Return to the Soil through litterfall in Selected Agroforestry Systems: A Short-Term Study	92
<i>Senavirathna W.M.A.S., Ranil, R.H.G., Sivananthawerl T., Nissanka S.P. and Dissanayaka D.M.S.B.</i>	
Prevalence of Footpad Dermatitis and Hock Burns in Broiler Chickens in Three Different Types of Rearing Systems	93
<i>Dissanayake D.M.I.G., Samarakone T.S., Bandara R.M.A.S. and Chathuranga T.G.S.</i>	
Production of Silage Inoculant using <i>Lactobacillus</i> Species	94
